

# 4 LITTLE CHECKS

BE PART OF A VIBRANT, DIVERSE, PASSIONATE COMMUNITY

## 4 LITTLE CHECKS

Community feedback supported the need for child health early intervention. This action team will work to increase awareness of child development milestones, and implement new initiatives including the 'me at 2' passport, and working with primary healthcare professionals to roll out early intervention rapid trials for hearing and developmental assessments.

"What a great idea! This is a fun and easy way to check that my daughter is meeting her 2-year old milestones." - Me at 2 passport launch attendee

## ABOUT US

Connecting Community for Kids has been working with children and families across Kwinana and Cockburn since 2016, setting in place foundations for better lives, better care and championing children's rights to be safe, secure and supported.

We work alongside local government, service providers and community members to drive change through building capacity, and supporting sustainability to ensure continuous improvements.

## WHY VOLUNTEER WITH CCK?

- ✓ Be rewarded by watching children thrive
- ✓ Make a real difference to families in your community
- ✓ Empower people to build better futures
- ✓ Contribute to positive social change
- ✓ Make your community a better place to live
