

# DADS STRENGTHENING DADS

BE PART OF A VIBRANT, DIVERSE, PASSIONATE COMMUNITY

## DADS STRENGTHENING DADS

Community consultation highlighted that new (and expert!) fathers felt there wasn't enough support in the local community for dads.

We have partnered with 'The Fathering Project' to launch a mentoring program, where we will support volunteer fathers to run small gatherings in a fun and engaging atmosphere.

Our social events aim to allow dads to take time out for their health and wellbeing, as well as meet new mates and have loads of laughs along the way.

"The fathering project is brilliant and inspires me as a dad" - Justin Langer, Australian Cricketer

## ABOUT US

Connecting Community for Kids has been working with children and families across Kwinana and Cockburn since 2016, setting in place foundations for better lives, better care and championing children's rights to be safe, secure and supported.

We work alongside local government, service providers and community members to drive change through building capacity, and supporting sustainability to ensure continuous improvements.
