

Diversi-tea

February 1

The City of Mandurah has partnered with Connecting Community for Kids to run a fortnightly 'Village Morning Tea' for parents/carers of children with disability or people who have disability themselves to create connections and access peer support. The mornings are very informal with craft activities, morning tea and conversations. Children are welcome to attend and there will be a supervised children's activity area. The event runs every fortnight and takes place at the Lakelands Library and Community Centre, 49 Banksiadale Gate, from 9.30am to 11am. For more information on the Morning Tea please contact wendyk@connecting4kids.com.au.
