

HOW TO MAKE OOBLECK / SLIME

Oobleck is a cornstarch and water mix that can act like a solid and a liquid. So much fun!

Ingredients

- 1 cup of cornstarch
- 3/4 cup water
- Food coloring - few drops only

Directions

- Mix ingredients together in a medium sized bowl
- Be sure to add the water slowly as it may not need entire amount
- It will take about 10 minutes to be evenly mixed and you may need more water / cornstarch to get the consistency just right

**HOT
TIP**

Add baking soda for a fizzy treat, or Cocoa Powder to make a muddy swamp for animals to play in
